

LIFE Integrated Projects Reporting – Phase changes

Nordic platform

12 June 2018

What is the issue?

- **IPs are divided into 3-4 phases**
- **Technical details beyond phase 1 limited**
- **Budget beyond phase 1 is simplified**
- **"scheduled" Amendment vs Reports**
- **Ad hoc amendments**
- **Interim or Mid-term reports?**

What is the current solution

- **Ad hoc amendments anytime – if needed.**
- **Scheduled amendments 3 months before phase end – if needed**
 - **Accompanied by draft interim report**
- **Interim report three months after phase end**

How is the timing
