Complementary actions to Rich Waters

- is a result of an activity within Rich Waters,
- that adds a value or have potential synergies between actions in their objectives to implementation of the RBMP and the objectives of LIFE IP Rich Waters.
- Incitament to build a relations, knowledge exchange or joint events

Not complementary actions to Rich Waters

- Total amounts of calls (LOVA, SAP, EAFRD)
- National governmental funding for implementation of WFD

Complementary actions to Rich Waters

- The consequence is a revised list of CA compared to the application
- The amount of mobilized resurses has been decreased since we dropped some of the CA's.
- Geography have not been taken under consideration in a big extent.
